

# ASSEMBLY INSTRUCTIONS

Congratulations on your purchase of the KSA7500 Universal Second Tier. Please read the following assembly instructions carefully to learn how to properly fit your stand with this 2nd tier unit. We hope you enjoy your new purchase!

1. Remove rear end cap from upper arms of keyboard stand (see photo to the right).

2. Take 2nd Tier assembly and insert mounting attachment into tubing of stand (see photo to the right).

3. Use the 2" inch tightening knob on the 2nd tier unit to lock 2nd tier into your stand.

4. Insert the telescoping stabilizer bar into provided holes on the 2nd Tier unit and tighten knobs to lock the bar in place.
