We proudly load this straight-front 4 x 12" cabinet with the same speakers that started a sonic revolution—and yes, they are still lovingly handmade in our very own factory.

Built Like a Tank!

Just like the matching top cabinet, the 412H-BK, the 412F-BK is built solid—without any unwanted resonance or vibrations. This cabinet delivers nothing but BUGERA tone. And because it's built like a tank, it can take whatever life dishes out, from one gig to the next.

Ultimately Versatile

Equipped with our Mono/Stereo Mode switch, the 412H-BK works perfectly with all BUGERA heads, allowing you to choose between 200-Watt, 16-Ohm mono or 2 x 100-Watt, 8-Ohm stereo operation.

Crank it Up!

The BUGERA 412F-BK isn't just kind to your ears and your wallet. Your wrists and back will rejoice at how easy it is to transport this cabinet, thanks to the recessed handles and built-in rollers.
