

dbx Limited Warranty

dbx Warranty Policy (US only)

This warranty is valid only for the original purchaser and only within the United States.

1. Please take a moment to register your product. To register your product fill out and send in the warranty registration card provided with your product or fill out the online Product Registration form. A copy of the original purchase receipt must be provided for any warranty service.
2. dbx warrants each product, when purchased from an authorized dbx dealer and used solely within the U.S., to be free from defects in materials and workmanship under normal use and service. This warranty is non-transferable.
3. dbx liability under this warranty is limited to repairing or, at our discretion, replacing defective materials that show evidence of defect, provided the product is returned to dbx WITH RETURN AUTHORIZATION from the factory, where all parts and labor will be covered for the warranty period outlined in the proceeding table. A Return Authorization number must first be obtained from dbx. The company shall not be liable for any consequential damage as a result of the product's use in any circuit or assembly.
4. dbx reserves the right to make changes in design or make additions to or improvements upon products without incurring any obligation to install the same additions or improvements on products previously manufactured.
5. The foregoing is in lieu of all other warranties, expressed or implied, and dbx neither assumes nor authorizes any person to assume on its behalf any obligation or liability in connection with the sale of any dbx product. In no event shall dbx or its dealers be liable for special or consequential damages or from any delay in the performance of this warranty due to causes beyond their control.
