

Rane Limited USA Warranty

Rane Corporation warrants all items purchased in the U.S.A. against defects in material or workmanship for two (2) years from date of purchase. A completely filled out and returned warranty card or online registration increases this warranty to a period of three (3) years. Exceptions are for those items designated as wear parts, including some DJ mixer crossfaders and switches, which are warranted for a period of 90 days. Full terms of the warranty are included in each Owners Manual with the unit. If you live in the U.S.A., service may be performed directly with the factory, or by contacting any authorized U.S.A. Service Center. International customers should contact your dealer or distributor for service. When emailing, be sure to include your full name and delivery address information in the email body.

For parts orders, email or call 425-355-6000.

DJ Mixer owners may want to see our D.I.Y. Crossfader Replacement Guide.

These current models are factory service only: AC 24, AD 22d, AVA 22d, C4, DEQ equalizers, G4, Mongoose, MA 4, ML 1, MM 42, MP 4, NM 1, PEQ 55, RAD units, RaneGain, all RPM processors, Serato Scratch Live SL 1, SL 3, SR remotes, TTM 56S, TTM 57SL.

These discontinued models are factory service only (FSO): DSC1, ECB 6, ECB 62, ECM 8, ECM 64, ECM 82, ECS 6, ECS 62, NM 48, NM 84, RA 30, RPD 1, RPE 228d, RPM 26 /i /v, Stick SP 13, SRM 66, Via 10. Other discontinued models may still be serviced at centers listed below at their discretion.

All other units may be serviced by the factory or any USA Service Center. Certain schematics are proprietary and not available to the public. Current schematics, if available, are located at the bottom of each product page. Schematics for many discontinued models are found here. A schematic may not match the revision of your unit -- contact tech support.
